Questions 16 to 20

Read the passage below carefully and answer the questions that follow.

The Mossy Forest of Gunung Brinchang is a moist tropical evergreen forest. It sits at the highest part of Cameron Highlands. At this height, low clouds cover the forest with moisture and mist. This creates an ideal environment for moss, ferns, and orchids to grow and for snakes, frogs, insects, birds, and mammals, which are **adapted** to the cool atmosphere, to live.

There is a wooden platform built through the forest for visitors to walk on as they explore the forest. Besides layers of moss on the mountain floor and tree trunks, there are orchids, pitcher plants, and vines hanging loosely from the tree tops and branches.

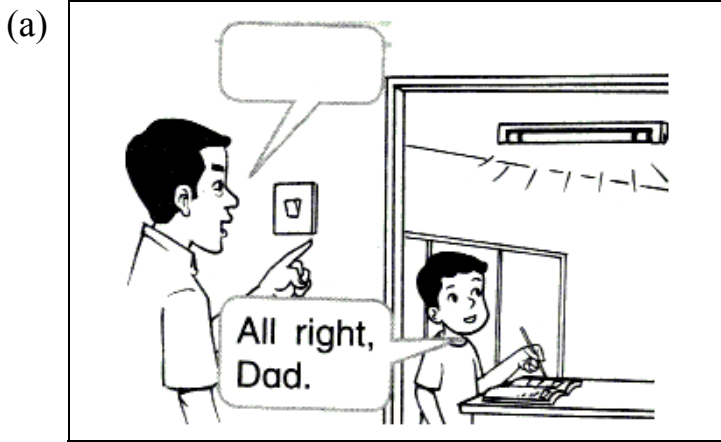

However, the Mossy Forest is now closed to visitors and will remain so till the middle of 2016. The closure will allow the authorities to clean up all the rubbish which had been left behind by visitors. During this period, more rubbish bins will be placed near the platform and signboards reminding people to take care of the forest will be put up too. Importantly, it will give the moss time to repair and grow.

16. What creates an ideal environment for moss to grow?
- A Mist and low clouds
 - B Cool atmosphere
 - C Moisture and mist
 - D Low clouds
17. The word **adapted** tells us that the creatures in the Mossy Forest _____.
- A can find food easily
 - B are suited to live in the hills
 - C can live in a cool environment
 - D are able to hunt on a mossy undergrowth
18. What type of flora **do not** grow on the tree tops?
- A Moss
 - B Vines
 - C Orchids
 - D Pitcher plants
19. What will the authorities do during the closure of the Mossy Forest?
- A Educate people about caring for the forest
 - B Repairing the wooden platform
 - C Help repair the mossy undergrowth
 - D Clear the rubbish
20. From the passage, we know that the Mossy Forest _____.
- A is closed to the public until further notice
 - B has been polluted by rubbish
 - C has too many signboards
 - D is closed for repairs

Read the story below and answer the questions that follow.

Last Saturday Harjit and Raymond went into the jungle to look for birds. They like to take pictures of birds. The boys would then put up pictures of the birds in their website on birds.

They left early for the jungle. They reached the jungle around eight in the morning. It was very peaceful in the jungle and they could hear some animal noises. The boys found a nice spot to watch for birds. They were surrounded by a lot of trees.

Harjit and Raymond waited patiently for the birds. After waiting for about half an hour, they spotted a bird. Both boys quickly took some pictures. A little while later they spotted more birds. Again they took some pictures. Suddenly they heard the sound of thunder. They decided to leave. Just as they were leaving, it started to rain. The rain was so heavy that they could not come out of the jungle. They took shelter under a big tree.

As the boys were taking shelter they did not realise the time. Night was setting in. Suddenly they realised that it was dark and they could not find their way out.

Luckily Harjit's father knew where his son usually went during the weekends. Harjit's father came and rescued the boys with the help of his neighbours. Since that day Harjit and Raymond made sure to check the weather report before going into the jungle.

Career Day at SK Murni

Date: 21 October 2016 (Friday)

Time: 9.30 a.m. – 12.30 p.m.

Venue: The School Hall

Attention to all Upper Primary pupils of this school!

The English panel is organising a special day to appreciate the services rendered by people who have put their own interests on hold. Firefighters, soldiers, police, doctors, nurses, lifeguards, educators, social workers and many more dedicate many hours in a day to bring change to one's life.

In conjunction with this, we would like to invite pupils to come dressed in your favourite 'real-life' hero outfit and tell us why you feel that job is awesome. We would love to have as many of you as possible taking part in this programme. As the saying goes, **'the more the merrier'**.

Let's come together to create better awareness amongst each other, and let's say 'Thank you' to all who have sacrificed their time and energy to make our lives better.

If you are interested to participate in this programme, do give your name to Miss Mala before 12 October 2016.

Regards,
Julie Yew
Secretary,
English Panel,
SK Murni

Question 1

Last Friday, Samy, Ming Seng and Jamil were playing football on the school field. The field was wet so it was muddy and slippery.

They were enjoying themselves in the field. Suddenly, Samy kicked the ball to the goalpost. Jamil ran to stop it but he slipped. He fell and cried out in pain. Samy and Ming Seng quickly ran to help. They were very frightened. They saw a cut on Jamil's calf and it was bleeding. Samy and Ming Seng helped Jamil up and walked him to a bench at the edge of the field.

A teacher saw the incident and ran over to them with a first-aid kit. The teacher cleaned and bandaged the cut. They thanked their teacher gratefully. After that, Samy and Ming Seng accompanied Jamil home. They regretted and promised to turn over a new leaf.

Question 2

One day, Nadia took her cousin to the playground in her neighbourhood. She was shocked to see the condition of the playground. The grass and bushes were overgrown. There was only one dustbin and it was full. Nadia and her cousin were very disappointed.

At home, Nadia and her cousin decided to organise a gotong-royong. Nadia talked to her parents and they thought that it was a good idea. Nadia and her cousin designed a leaflet. They printed copies and distributed them to their neighbours.

On the day of the gotong-royong, a lot of the residents gathered at the playground. Some cut the grass and bushes. Others helped to pick up the rubbish. Several residents collected some money and bought recycling bins.

They worked very hard. After two hours of cleaning, the surrounding looked sparkling clean and tidy. They were very happy. As the saying goes, 'Unity is strength'.
