

Practice 1

Read the message from your friend, Jessie.

Hi Sarah,
My family plans to go on a trip for the school holidays. I am thinking of going to the beach or going camping. What do you think?
Do you have any other suggestions?

Jessie

In about **80 words**, write a **message** to Jessie giving some advice.

Answer:

Hi Jessie,

Didn't you go to the beach last year? I think you should go camping. It is always good to spend some time with nature, breathing in the fresh air. It will be good as well to take a break from city life. You could check out the National Park in Pahang. Remember to wear proper trainers and bring a mosquito repellent. Also, make sure to hire a proper guide, especially if you want to go trekking.

Sarah

Practice 2

Read the message from your friend, Atikah.

Hi Ravi,

The Interact Club of my school wants to organise a day trip for the weekend. We are planning either a trip to the beach or to Jonker Street, Melaka. I prefer to go to Jonker Street mainly because I love food.
Which do you think would be better? I would also appreciate any other suggestions you can give me.

Atikah

Dear Atikah,

How are you and your family? I hope you are all doing well. About the trip, I agree with your suggestion of going to Jonker Street. Your club members can try different types of food from various cultures. Perhaps, you could ask some store owners if they would be willing to show you how the food is prepared. Remember to bring a lot of water as the food can get too spicy sometimes. Take care.

Ravi

Practice 3

Read the message from your friend, Lisa.

Hello Dina,

I am interested in joining a class at the community centre.

Which class should I join - singing, gardening or baking? Do you have any other suggestions? I am really not sure what to decide.

Please tell me what you suggest I should join.

Lisa

In about **80 words**, write a **message** to Lisa giving some advice.

Sample Answer

Lisa,

I am glad you want to join a class at the community centre. I think the best class for you would be the singing class.

You have such a beautiful voice and with a little bit of training you can easily make a career of singing in the future. Furthermore, you are also a good performer. I still remember how well you performed in our last school concert. You really had the audience enthralled.

I hope my advice has been helpful. All the best.

Your friend,
Dina

Hi Zamri,

I would love to help you decide which club you should join. I think you should join football club.

I would encourage you to join the football club because you have always enjoyed playing football. You are also a skilled goalie. Furthermore if you join the football club, you will learn new techniques which will help to improve your skills. A football club will teach you about teamwork too.

Well, I hope you make the right choice. All the best.

Salleh

Practice 5

Read the message from an ex-classmate, Amery, from another town in Sarawak.

Hi,
I plan to sign up for one of the classes in a fitness centre. They have yoga, aerobics, kick boxing and others.
Do you have any suggestions since you're quite familiar with these classes?
Amelia

In about **80 words**, write a message to Amelia giving her some advice.

Sample Answer

Hi Amelia,

How have you been? I'm glad you have made up your mind to get fit. Joining a fitness centre is a great place to start.

Since you are new at this, I suggest that you take things a bit easy first. I think signing up for a beginner yoga class would be suitable for you. Yoga is not too strenuous and you can do it at your own pace. It will also help you become more flexible. In addition, you can learn some relaxation techniques too!

Let me know what you decide.

Jenny
